

ACTIVATION IS EASY

JUST FILL THE PRODUCT WITH (TAP) WATER

DISTRIBUTE THE WATER EVENLY AND SQUEEZE OUT ANY EXCESS WATER

ENJOY IMMEDIATE COOLING

The INUTEQ-DRY® evaporative cooling vest is a comfortable, full-fashioned lightweight vest. No refrigeration, additional gels or chemicals needed. The vest will reduce heat stress and fatigue, allowing you to perform better. This product performs best in low to medium humidity. The level of airflow determines the cooling effect.

The INUTEQ-DRY® evaporative cooling vest can be (re-)activated with tap water (500 ml. maximum - do not overfill). Cooling starts immediately.

- Incorporates a unique cooling technology
- Stays 100% dry in- and outside
- Machine washable and has Ultra-Fresh Antibacterial treatment
- Easy to use and re-use is easy to use and re-use
- Lightweight, non-toxic and durable
